## CALIFORNIA FALL NATIONALS

**Radio KEEN 1370**

**OFFICIAL PROGRAM**

WELCOME TO BAYLANDS RACEWAY PARK AND THE 6TH RUNNING OF THE FALL NATIONALS.....

It is customary in letters to the fans such as this to extoll the virtues of the raceway and the many hard working people behind the scenes who make the events happen. To do so is wise since there are many people who plan and execute events such as this years "Fall Nationals" . They deserve much credit and they have our sincere thanks and appreciation for their many sacrafices.

At this point, however,I would like to direct this letter to YOU. It is a known fact that without you, Baylands Raceway Park would not have experienced the rapid growth that has occurred since it opened in 1981. Without you the drivers, owners, sponsors and vendors would not now be enjoying the rewards of good crowds, purses, and a facility that provides fast, fun and safe racing. Without you there would be no new plans to make 1987 and the years that follow even bigger and better than those that have gone before. Baylands Raceway Park owes it's position in the industry, the respect that it has gained throughout the country and the quality and magnitude of it's shows to you. Take a bow, you deserve it and accept our heartfelt THANKS for making all this happen.

We are in the entertainment industry at Baylands and we have to compete against a wide range of other forms of entertainment to attract our customers. Over the years, it has been you, the fans, who have spread the word with your praise of our racing events and the quality of our shows. As we present the 1986 Fall Nationals, we hope that you will experience the same thrills you have in the past and that you will continue to "Tell your friends" that Baylands is the "Home of the fast guys" and a great place to see and enjoy sprint car racing (And many other forms of racing as well).

When this years World of Outlaw Fall Nationals is concluded please remember that we have many many more races yet to present before we close the doors on the 86 racing season. Pick up a schedule at the program stand or call the raceway office and plan to be with us as often as you can.

In closing I would like to report that Baylands Raceway Park and the many divisions that race here have a bright future. Our 1987,88, and 89 seasons are already in the planning stages. We hope to continue to improve the facility and increase the diversity and quality of our shows during the next several years. Long range plans are also in the works to build another speedway to carry on the Baylands tradition in the 90's and past the turn of the century. With your help and continued support, the entire staff and management of Baylands will forge ahead at the same accelerated rate we have enjoyed in the past to improve racing in general and Baylands in particular for our mutual enjoyment.

For now, sit back and enjoy this event. Visit our concession stands. Greet and meet the drivers. Pick up a program and souvenir shirt and come back and see us again. Like they say in the commercial, "WE DO IT ALL FOR YOU" and frankly, "YOUR WORTH IT".

Respectfully

David Vodden

The management of Baylands welcomes you and hopes that you enjoy yourselves at tonight's races. We regard our racing to be family entertainment, and encourage you to bring the entire family. While we do serve beer, along with other refreshments, we do not feel that its sale entitles anyone to behave in a manner that disturbs others who have paid to attend our events. We will under no circumstances tolerate drunkenness, rowdiness, foul language or fighting by anyone on these premises. If disturbance persist, we will not hesitate to have those responsible taken into custody and charged. Thank you for your attendance tonight, and please let us know if we can make your evening more enjoyable.

# SHUMAN WINS 5th ANNUAL FALL NATIONALS

Top World of Outlaws stars compete in California's biggest race.

Ron Shuman, "The Flying Shoe", added the \$82,000 World of Outlaw Fall Nationals to his already impressive list of career sprint car wins on September 7 when the Mesa, Arizona, driver led flag-to-flag to post the \$10,900 win on the very fast 3/8-mile dirt oval at Baylands Raceway Park.

Shuman stated in Victory Circle that he really needed the only yellow that slowed the pace of the 11-minute race due to fumes that were present in the cockpit because of the muffler that he was running. "I'm a little asthmatic anyway, and I was having trouble breathing. When the yellow came out, I got a breather and felt good enough to go on," Shuman said. Shuman drove his familiar OFIXCO Challenger to the Copenhagen-Skoal/Stroh sponsored series win.

Bobby Davis Jr. followed Shuman across the line after starting in the fourth spot in the 22-car field. Sammy Swindell finished third from seventh. Brad Doty took fourth, one position back from his third place starting spot. Jeff Swindell finished fifth. He started first.

Shuman won the toss at the start of the evening and chose the outside pole position, and used that groove to power into the lead at the drop of the Willie Williams green flag. J. Swindell ran in second for the first ten laps with Brad Doty in third. The pace was awesome as the pack ran in close quarters, using several grooves on the Jim Soares prepared oval. Shuman continued to lead at the half-way point, running high against the wall. Two laps later the intense pace of the race was slowed when Lee James spun in turn-one with a flat tire. At the same time, Steve Kinser experienced a flat tire and pulled to the pits for a quick replacement. Kinser had earlier dazzled the capacity crowd by moving from 11th to third before the flat forced the WoO point leader to the rear of the 22 car field. Under green again, Shuman held first, with J. Swindell, Bobby Davis Jr., Doty, S. Swindell, Jimmy Sills and Lealand McSpadden following.

In the next 12 laps Davis stole second from a fading J. Swindell as S. Swindell followed him through to take third. Doty also got by J. Swindell to hold fourth. With Shuman leading, the battle for second through 10th was nose-to-tail, with Kinser moving back into the top ten in the closing laps. At the line it was Shuman by 20-yards with Davis and S. Swindell side-by-side and Doty right behind. Sills followed with McSpadden coming from 15th to finish seventh ahead of Kinser who passed 20 cars in his two runs through the pack. Chuck Gurney scored ninth and WoO officials put Bobby Allen into tenth. The balance of the finishers included: Brent Kaeding, Nick Rescino, Chuck Miller, Wally Pankratz, Dave Blaney, David Bradway, Rick Ungar, Rocky Hodges, T.J. Wunningham, Rick Haugh, Max Dumnesny and Lee James.

In the 15-lap B-Main event Bobby Allen used a late race charge on the low groove to pull by early leader Rendy Boldrini with just two laps to go to earn the win and the main event transfer spot. Lee James used the same groove to slip into the final transfer spot on the last corner. Mark Kinser took third as Boldrini, who led from lap-one until lap 13, crossed the line fourth. Millan Garrett took fifth with Terry Gray, Craig Keel, Ed Organ, Gregg Wooley and Wayne Bennett following. The B-Main was also a quick-paced event, going non-stop with 16 cars battling for position.

The 12-lap C-Main event was won by Shane Carson who was wheeling the Don Snow speed Shop Stanton. Carson collected an additional \$500 in lap money from Dave Castro Trucking. He led flag-to-flag to earn a transfer spot to the B-Main along with Dean Nelson who ran second. Mike Sargent, Tim Gee, D-Main winner Anthony Simone, Randi Turner and Gene Manhire followed.

Steve Kinser with a four time shootout championship record has added yet another, the 1984 WoO/Skoal Bandits shootout to his winning record.

Steve has reach a all time high in short track money earnings of \$2 million in his career in sprint car earnings.

The four WoO/Skoal Bandit Shootout Championship took place in 1978, 1979 (honorable mention) 1980, 1883 and now in 1984.

We here at Bayland are looking forward to seeing a champion at work as we know everyone in our grand stands are too.

**Steve Kinser**

Ron Shuman hail from Mesa, Arizona where he is well known as a calculating competitor in the World of Outlaw circuit.

Starting in midget racing and moving in to sprint car as well as a promoter keeps him on his toes and others worried because of his past and present major victories.

We know Ron will be at the front with all the other outstanding drivers giving it to them and working for the win.

**Ron Shuman**

Sammy Swindell with 400 featured top wins has pulled away from Steve Kinser in late 1984 season and at the same time recived for his effort the Stroh's Challenge Cup along with the Skoal All-American Racing Team which is awarded by the American Auto Racing Writers and Broadcasters Association

If Steve Kinser ever has his work cut out for him Sammy Swindell will give him a run for the win if not the winner himself

## You Know You're A Race Car Driver's Wife When:

You're the only gal in bridge club who knows what a 4-barrel carburetor is.

"It's only a few miles down the road" means 50, at least. Some of your best friends live 200 miles away.

You have more pictures of the race car than of the kids.

You haven't been to your family reunion for years because it's the first Sunday of May.

"I need a little help fixing the car" means forget the cleaning, washing, and dinner; the morning's shot!

The UPS man can't believe that little box costs that much!

You explain to Mother why you can't go 25 miles for Sunday dinner, but you can go 300 miles for a race.

"As soon as I get the car running, I'll fix the leaky faucet" means "call the plumber."

You get more mail in July than December.

The car gets waxed more often than your floor.

You get home from a weekend of racing with kids needing scrubbing, car needing fixing, and clothes needing washing to find the housework, bills, and lawnmower to greet you.

You can tell it's Friday because the racing papers come in the mail.

Your neighbors think you're crazy, your friends wonder, and you know you are.

Despite it all, even you are a little anxious for the season to begin.
