SEVEN FLAGS RACEWAY

Winston Racing Series

THE SEVEN FLAGS WHAT THEY MEAN

ALL FLAG RULES SUBJECT TO INTERPRETATION OF CHIEF STARTER OR CHIEF STEWARD

GREEN indicates the start or resumption of race and/or clear track ahead.

YELLOW means there is an obstruction on the track. The yellow is official when displayed and race will be restarted based on last completed green with those involved moving to the rear of the field. Pit stops not permitted.

RED means stop as soon as safely possible. Red is official at any point on the track whether displayed by corner flagman, signal lights or chief Starter. Pit stops are permitted off the tract surface but cars must not return to pits.

RED/YELLOW means line up for a complete re-start--one lap has not been completed and drivers will line up in their original starting position except those involved in the cause of the re-start which must start at the rear of the field.

BLACK means get off the track as soon as possible. You have been disqualified either for safety reasons or failure to follow Official's instructions.

WHITE indicates one lap to complete the event.

CHECKERED means the lead car has completed the race. Others will be scored as they cross the finish line and/or based on laps completed. Cars finishing the race are scored ahead of those not finishing.

1982 NASCAR Officials

WELCOME TO SEVEN FLAGS RACEWAY, ALBUQUERQUE, N.M.

Welcome to the newest race track on the NASCAR/Winston Race Series — Seven Flags Raceway.

The management of Seven Flags is dedicated to the sport of auto racing and our sole purpose is to provide you, the fans, with the best racing show ever presented in New Mexico. We believe you deserve it.

We ask you to stay off the track at all times for your safety and that of the drivers. Please do not enter the pit area until you are cleared to do so by the track announcer.

With your cooperation and continued support, Seven Flags Raceway will be able to bring you the finest auto racing in the Southwest.

HOWARD (ED) EVERETT
No. 555 MOD-STOCK

Ed started racing in 1963 at Speedway Park, in the Sportsman Division. At that time, all sedan cars were called sportsman. He ran the same 1950 Plymouth from 1963 to 1967. In 1968, when the valley track opened, Ed entered his 1955 Chevy in the "J" Car Division, keeping his same No. 55. From 1968 to 1981 he drove in the "J" Car Division, Claimer Division and Street Stock Division. He took Championship in the Street Stock Division in 1979 and again in 1980. In 1981 he placed second for the season. Ed had to think awhile, before he could remember the Street Stock Championship he took in 1972 and says he took a couple of Governor's Cups, but as he said, "That was a long time ago and a lot of miles down the road." 1982 has brought about a lot of changes for Ed. He changed his number to 555 and moved up to the Mod-Stock Division, running the ½ mile for the first time. Ed owns his 1965 289CI Mustang, but is very happy to have Sacks Auto and Valley Ambulance as his sponsors. He lives with his wife Lora and children: Ed Jr. 18, Kathy 13, and Sherry 16, in Belen, where he is a mechanic at Baca Auto Sales. We would like to take the time to tell Ed how very happy we are for all the years of racing enjoyment he has brought to his many fans and to say - THANKS! Thanks for yesteryear, today and hopefully many more race seasons to come.

NO.	DRIVERS NAME	FINISH	NO.	DRIVERS NAME	FINISH

SEVEN FLAGS CASH POT!

Each week you have a chance to win the Seven Flags cashpot! Here is how it works. We start with $25.00 in the cashpot and all you have to do to win is correctly predict the 1st, 2nd, and 3rd place finish in the feature event of the night! We will announce which division is featured at the start of the evening so you can watch closely and record the heat and dash winners which could help you win! At the end of intermission, we'll announce the official feature line up and you can fill out your prediction and deposit it at the T-shirt booth prior to the start of that main event. If you correctly predict the first three in order, you win! If no one wins, we'll add $25.00 to the cashpot each week until we have a winner or the season ends. In case of a two way tie, the cash will be divided. In case of a tie between three or more winners, a drawing will be held to determine the winner. Entries will be reviewed after judges' sheets are posted official and the cashpot winner, if any, will be paid the following week. There will be no decision made on that race night under any circumstances! In the event one of the cars you picked does not start the race as scheduled, you lose! We have no control over cars scratching from the race.
