## WELCOME

Williams Grove Speedway enters its fifty-sixth auto racing season with a future as bright as its historic past. It is with this fact in mind that we look forward both to the present and future of motorsports here at the Grove.

Since 1939, Williams Grove has been a part of racing throughout the nation, specifically the central Pennsylvania area. Regular weekly sprint car racing programs began here in 1967. Prior to that the weekly stock car racing evolved throughout the coupes and coaches into "bugs" (30 by 90's) and then to what we now feature, Sprint Cars.

Williams Grove has hosted some of the greatest race car drivers this country has ever known. National champions like Ted Horn, Tommy Hinnershitz, Mario Andretti and AJ Foyt have raced here, but we take pride in producing some of the best local drivers who have built a large contingent of fan following.

The local sprint car drivers are featured here every week. This year, the sprint car drivers will be vying for the posted \$3000 which will be received by the winner of a regular sprint car feature event. Williams Grove Speedway will pay in excess of \$1 million in purse money by seasons end. Throughout the year, you will have the opportunity to witness some popular and competitive divisions.

The Budweiser Super Sportsman will make several appearances here at the Grove as will the Armaclad KARS Sprints. Additionally, the famed World of Outlaws will stop here at the Grove on seven separate occasions. The Club/All Star Circuit

of Champions will be returning to the Grove this season as will the United Racing Club. The STARS Late Models, ARDC Midgets and local late models will appear here at Williams Grove this season.

Also, the traveling American Motorcycle Association will be present for a Saturday night date. Last season, the AMA cycles excited the crowd and generated much interest in the motorsports community when they stopped at the Grove.

The facility at Williams' Grove offers a unique opportunity to view racing from three different perspectives. Main seating is provided on the front straight away along with seating on the backstretch. The infield area is open for your spectating pleasure.

The pit area is restricted and is only open to those associated with presenting the program. We ask that you please remain away from that area during the course of the program for your own protection. We encourage you to access the pit area after the racing activity is completed. This will give you the time to visit with your favorite teams and learn more about the sport.

At the Grove we try to present a fast paced and entertaining program; however we realize there may be times you disagree with what we do. Feel free to make a suggestion about the operation of the speedway, we want to hear from you throughout the season.

Thank you for being here, and please sit back and enjoy tonight's racing program.

Morgan Hughes, Owner/Promoter

### RAHMER SCORES FIFTH GROVE VICTORY OF SEASON AS LEHMAN TAKES KARS MAIN

Fred Rahmer is interviewed by Bruce Ellis following his victory last Friday night. Steve Miller Photo

MECHANICSBURG, PA - The two week absence from Williams Grove Speedway must have made Fred Rahmer a little bit hungry for a checkered flag.

But with last week's performance, it appeared as though it was either feast or famine for the Salfordville driver as he took the lead from Todd Shaffer on lap 16 before cruising on to his fifth sprint car victory of the 1995 season at Williams Grove Speedway.

"I had to win this one to save my job," said Rahmer who drove the Apple Chevrolet #12 to a commanding 2.38 second victory over Lance Dewease by race end. "We have been struggling a bit lately and it feels good to finally get back into victory circle."

"We decided to do some traveling the past two weeks and represent the Pennsylvania contingent out west," he said.

Last Friday night though, Rahmer of Salfordville represented the best in the sprint car pit area. After starting 11th in the 24-car field, Rahmer maneuvered his way into the top five by the fourth circuit.

Mark Richard appeared to be well in control of the main event until lap 11 when the Landisburg driver hit the outside turn three fence. Richard was uninjured in the crash; however his car was forced to the pit area. Richard's woes played right into the hands of Todd Shaffer who was handed the lead and held the spot until Rahmer put on an event winning move entering turn three.

"The car felt really good on the top of the speedway," Rahmer said in victory circle. "I was just waiting to see Lance's number come up on the scoreboard in the second spot and when it did, I knew I better get going."

Dewease, in the Dyer Masonry #461, finished second after taking the spot from Shaffer on lap 23. Shaffer was third in the Gary and Patty Beam #88 while Don Kreitz Jr. was fourth in the Stockdale Transport #69K and Dan Dietrich was fifth in Ralph Taylor's #39.

Heat events for the 28 sprint cars went to Rod George, Mike Wagner and Shaffer while Brian Paulus won the consolation event.

Mike Lehman survived numerous caution periods to claim his second Armaclad KARS Sprint Series feature event at Williams Grove Speedway. Lehman of Manheim bested Bill Albright, John Martin, Dave Ely and Kevin McNew.

Heat events for the 45 KARS in attendance went to Martin, Ely, Todd Reed and Albright while Bob Beidleman and Dan Richcreek won the consolation events.

You've known all  
along your family  
belonged in a cage.

How about a steel one? At Saturn, we refer to this "cage" as a spaceframe. It's really a reinforced structure made with front and rear "crumple zones" that help dissipate the energy of a crash before it reaches your family. It's a great cage for the family. (And, one size fits all.)
